**Denmark-Copenhagen: Tramway depot construction work
2015/S 217-396567**

Contract notice – utilities

Works

Directive 2004/17/EC

Section I: Contracting entity

I.1) Name, addresses and contact point(s)

Hovedstadens Letbane (Ring 3 Letbane I/S)

Metrovej 5

For the attention of: Carsten Larsen

2300 Copenhagen S

DENMARK

Telephone: +45 40631014

E-mail: cla@m.dk

Internet address(es):

General address of the contracting entity: <http://www.m.dk>

Further information can be obtained from: The above mentioned contact point(s)

Specifications and additional documents (including documents for a dynamic purchasing system) can be obtained from: The above mentioned contact point(s)

Tenders or requests to participate must be sent to: The above mentioned contact point(s)

I.2) Main activity

Urban railway, tramway, trolleybus or bus services

I.3) Contract award on behalf of other contracting entities

The contracting entity is purchasing on behalf of other contracting entities: no

Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract by the contracting entity:

Letbane på Ring 3 (Light Rail on Ring 3) — Control and Maintenance Centre (CMC) Building.

II.1.2) Type of contract and location of works, place of delivery or of performance

Works

Design and execution

Main site or location of works, place of delivery or of performance: At the CMC area in Rødovre.

NUTS code

II.1.3) Information about a public contract, a framework agreement or a dynamic purchasing system (DPS)

The notice involves a public contract

II.1.4) Information on framework agreement

II.1.5) Short description of the contract or purchase(s):

Contracting Entity (The Owners):

The Danish Government, The Capital Region of Denmark and 11 municipalities (Lyngby-Taarbæk, Gladsaxe, Herlev, Rødovre, Glostrup, Albertslund, Brøndby, Høje-Taastrup, Hvidovre, Vallensbæk, Ishøj) have agreed to construct a Light Rail on Ring 3 and formed the partnership 'Hovedstadens Letbane'.

Formally 'Ring 3 Letbane I/S' will be the contracting entity. After a construction law is passed in the Parliament the name will be changed to Hovedstadens Letbane (HL).

The Project:

The 'Letbane på Ring 3' will have 28 stations on a 28 kilometre double track from Lundtofte in the North to Ishøj in the South.

Frequent services at 5 minute intervals on weekdays make the light rail an attractive public transport solution.

The light rail is expected to carry 13 000 000-14 000 000 passengers a year. The number may increase to 17 000 000-18 000 000, as the area along the line gradually develops.

Contract Structure:

The contract structure will be:

A. 5 contracts for Civil Works including roads, bridges and other complex structures,

B. 1 contract for Transportation System (TS) including Stations, Substations and CMC (CMC Building contractor as nominated subcontractor, cf. below). The TS contractor will be subcontractor to the O&M contractor for part of the maintenance,

C. 1 contract for Control and Maintenance Centre (CMC) Building (the contractor will be transferred to the TS Contractor as a nominated subcontractor),

D. 1 contract for Operation and Maintenance (O&M). The TS contractor will be subcontractor for part of the maintenance.

Further information on the project and the contract structure is available in the document 'Information About the Public Procurement Process' (hereinafter referred to as 'infodocument'), which can be downloaded from www.bascon.dk/da/udbud

Present Contract Notice:

The present contract notice comprises the CMC Building Contract.

Scope of Work in the CMC Building Contract:

The contract includes a turnkey contract for construction of a Control and Maintenance Centre (CMC), for the light rail system. The Centre is to be located west of Ring 3 and north of Ballerup Boulevard.

This contract is part of the overall construction of the light rail system. The project comprises the construction of the Control Centre with a gross floor area of approximately 7 500 m².

The building will house facilities for the preparation of the light rail system including washing facilities and workshops.

In addition, the Control and Maintenance Centre includes a control room for monitoring the light rail operation as well as an emergency control room, which at the same time should be able to function as a training facility.

Hence the building will house a large number of technical installations. In addition, the building will hold administrative premises including offices, kitchen, canteen and locker rooms with shower facilities.

The design and build contract also includes clearing of the site, site development, retaining walls and outdoor installations such as parking spaces but not railway specific installations such as track and overhead line system. However, the sub structure for the track will be part of the Building Contract.

The design and build contract does not include specialist LRV maintenance equipment, which is part of the scope of work for the TS Contractor.

II.1.6) **Common procurement vocabulary (CPV)**
45234127

II.1.7) **Information about Government Procurement Agreement (GPA)**

The contract is covered by the Government Procurement Agreement (GPA): yes

II.1.8) **Information about lots**

This contract is divided into lots: no

II.1.9) **Information about variants**

Variants will be accepted: no

II.2) **Quantity or scope of the contract**

II.2.1) **Total quantity or scope:**

Please refer to Section II.1.5)

II.2.2) **Information about options**

Options: yes

Description of these options: The options comprises services contracts in relation to building installations, which may be transferred to the O&M Contractor.

II.2.3) **Information about renewals**

This contract is subject to renewal: no

II.3) **Duration of the contract or time limit for completion**

Duration in months: 39 (from the award of the contract)

Section III: Legal, economic, financial and technical information

III.1) **Conditions relating to the contract**

III.1.1) **Deposits and guarantees required:**

Will be stated in the tender documents.

III.1.2) **Main financing conditions and payment arrangements and/or reference to the relevant provisions governing them:**

Will be stated in the tender documents.

III.1.3) **Legal form to be taken by the group of economic operators to whom the contract is to be awarded:**

A group of economic operators must be jointly and severally liable for the performance of the contract. A declaration to this effect must be submitted if a tender is submitted.

III.1.4) **Other particular conditions:**

The performance of the contract is subject to particular conditions: yes

Description of particular conditions: The CMC Building contract will be based on an AB/SB document (HL supplement and changes to ABT 93). All contracts will in the AB/SB documents contain labour and social clauses, requirements in relation to health and safety and requirements in relation to working environment, etc.

III.2) **Conditions for participation**

III.2.1) **Personal situation of economic operators, including requirements relating to enrolment on professional or trade registers**

Information and formalities necessary for evaluating if the requirements are met: 1) The request for participation must be submitted in 3 copies of the same wording and a digital copy on a USB. Organisation of the application in accordance with the structure of this announcement will be highly appreciated.

2) The request must include a description of the Applicant.

The description must include:

— A general description of the company/companies forming the Applicant,

— A description of the role of the company/companies forming the Applicant,

— A general description of each third party (e.g. consultant or subcontractors) the Applicant base the application on (if any),

— A description of the role of each third party the Applicant base the application on (if any).

3) The request must specify the phone number, e-mail address and name of contact person for the Applicant.

4) According to Consolidation Act No 336 of 13.5.1997, the applicant must enclose a solemn declaration in respect of due, unpaid debt to the authorities.

5) The request must also be accompanied by a solemn declaration to the effect that the applicant is not excluded from participating in the tender procedure for reasons specified in Article 54 (4), 2nd sentence (corresponding to the Public Procurement Directive, Article 45 (1)), and that the applicant is not excluded from participating in the tender procedure for reasons covered by the Public Procurement Directive, Article 45 (2), letters a, b, c, e and f.

Formality:

If the request for participation comes from a consortium/JV, the above mentioned information in Nos 4-5 must be given for each participant in the consortium/JV.

A paradigm for the solemn declarations mentioned in Nos 4 and 5 above is available at www.bascon.dk/da/udbud

III.2.2) **Economic and financial ability**

Information and formalities necessary for evaluating if the requirements are met: 6) The request must be accompanied by information on the Applicant's economic key figures for the 3 last available years as follows:

- Turnover;
- Profit/loss for the year after taxation;
- Equity capital;
- Total assets.

The information may be given as a table, dated and signed by the applicant, HL would prefer not to receive annual reports.

HL reserves the right to obtain audited annual reports upon request.

Formality:

— If the request for participation comes from a consortium, the above mentioned information must be submitted for each participant of the consortium.

— If the application is based on economic and financial capacity of a third party (e.g. a parent company):

1. The above mentioned information in Section III.2.2) must also be enclosed for such third party;
2. An availability declaration from the third party must be enclosed, cf. Article 54 (5) of the Utilities Directive.

— No availability declaration is needed if the application is based solely on the applicant's own economic and financial capacity.

— A template for the availability declaration is available at <http://www.bascon.dk/da/udbud>

Minimum Requirements regarding economic and financial capacity:

There must be no risk worth mentioning that for financial reasons the applicant will not be able to complete the task in a satisfactory way.

III.2.3) **Technical capacity**

Information and formalities necessary for evaluating if the requirements are met: 7) The application must be accompanied by references for comparable assignments to the 1 put out to tender.

Each reference may contain a description of the nature of each project, the client, a contact person if available, the physical and financial size of the project, the work performed by the applicant and the time frame in which the project was carried out. Comparable reference projects may include the following key features:

a) Planning, design, construction and project management of depots for light rails, tramway or metro projects or buildings with similar complexity;

b) Occupational health and safety incl. safety statistics.

HL wants a maximum of 10 references per company (company/companies forming the Applicant and every third party (if any)). Each company is requested to choose his 10 most relevant references.

8) The request must be accompanied by information about the applicant's approximate number of employees who have been involved in comparable assignments within the last 3 years.

Formality:

— If the request for participation comes from a consortium, the above mentioned information in Nos 7 and 8 are must be given for each participant of the consortium.

— If the application is based on technical capacity from a third party (e.g. a consultant or a subcontractor):

1. The above mentioned information in Nos 7 and 8 must also be given for the third party;

2. An availability declaration signed by the third party must be enclosed, cf. Article 54 (6) of the Utilities Directive.

— A template for the availability declaration is available at <http://www.bascon.dk/da/udbud>

Minimum Requirement regarding technical capacity:

The applicant must document solid experience with — and competence for — solving assignments comparable to the one offered for tender. The assessment will include the total documented experience in the references submitted.

III.2.4) **Information about reserved contracts**

III.3) **Conditions specific to services contracts**

III.3.1) **Information about a particular profession**

III.3.2) **Staff responsible for the execution of the service**

Section IV: Procedure

IV.1) **Type of procedure**

IV.1.1) **Type of procedure**

Negotiated

Some candidates have already been selected (if appropriate under certain types of negotiated procedures):
no

IV.2) **Award criteria**

IV.2.1) **Award criteria**

The most economically advantageous tender in terms of the criteria stated in the specifications or in the invitation to tender or to negotiate

IV.2.2) **Information about electronic auction**

An electronic auction will be used: no

IV.3) **Administrative information**

IV.3.1) **File reference number attributed by the contracting entity:**

IV.3.2) **Previous publication(s) concerning the same contract**

Periodic indicative notice

Notice number in the OJEU: [2015/S 179-325879](#) of 16.9.2015

IV.3.3) **Conditions for obtaining specifications and additional documents**

Payable documents: no

IV.3.4) **Time limit for receipt of tenders or requests to participate**

21.12.2015 - 12:00

IV.3.5) **Language(s) in which tenders or requests to participate may be drawn up**
English.

IV.3.6) **Minimum time frame during which the tenderer must maintain the tender**

IV.3.7) **Conditions for opening of tenders**

Section VI: Complementary information

VI.1) **Information about recurrence**

This is a recurrent procurement: no

VI.2) **Information about European Union funds**

The contract is related to a project and/or programme financed by European Union funds: no

VI.3) **Additional information:**

4 Tenderers for the CMC Building contract will be selected from among the applicants that comply with the minimum requirements of item III.2 of the contract notice.

The selection of Tenderers will be based on an overall assessment of how the contracting authority can obtain the most attractive tenders. This overall assessment comprises the below items A, B and C in prioritized order:

A) An assessment of technical capacity and competence on the basis of information requested in item III.2.3 of the contract notice.

B) An assessment of whether the Applicants organization including third parties (if any) is suitable for carrying out the assignment put out to tender.

C) An assessment of the economic and financial capacity of the Applicant.

A tender fee will be paid to Tenderers submitting an original tender, which the Employer not are obliged to reject.

If an entity consist of several companies (e.g. A Consortium), during the tendering procedure (i.e. at any point in time prior to contract award) requests for a change in the entity's composition; this can only take place subject to HL's prior written acceptance. A change in composition is for instance if 1 of the entity members leaves the entity, or if any entity members is substituted by another company.

When assessing whether to grant a change in composition, HL will consider the character and extent of the desired change. Among other, this consideration will place emphasis on whether the entity would have been pre-qualified, if the change in composition had been known prior to pre-qualification.

If an Applicant, who have relied on economic and financial capacity or technical capacity of a third party, wants to substitute or remove this third party during tendering procedure, this can only take place subject to HL's prior written acceptance.

When assessing whether to accept the change, HL will consider the character and extent of the desired change. Among other, this consideration will place emphasis on whether the entity would have been pre-qualified, if the substituting third party had been known had been known prior to pre-qualification or the removed third party had been known had been known prior to pre-qualification.

The tender documents will contain provisions dealing with changes as described above which takes place after contract award.

Questions (if any) from potential applicants will be answered and answers will be uploaded to www.bascon.dk/da/udbud

HL may be obliged to reject an application if not all information required in Section III.2) is submitted. The applicant alone has the risk of having the application rejected, if the application does not include all required information in Section III.2)

Regarding additional information in respect of other issues than selection criteria of tenderers, reference is made to the above mentioned infodocument.

VI.4) **Procedures for appeal**

VI.4.1) **Body responsible for appeal procedures**

Klagenævnet for Udbud
Dahlerup Pakhus, Langelinie Allé 17
2100 Copenhagen Ø
DENMARK
E-mail: kfu@erst.dk
Telephone: +45 32591000
Internet address: www.kfu.dk

VI.4.2) **Lodging of appeals**

Precise information on deadline(s) for lodging appeals: Complaints against not being pre-qualified shall be lodged to Klagenævnet for Udbud no later than 20 calendar days from the day after the day the contracting entity has sent a notification to the affected applicants. Complaints in respect of other issues than not being pre-qualified shall be lodged to Klagenævnet for Udbud no later than 45 calendar days after the award of contract has been published in TED.

VI.4.3) **Service from which information about the lodging of appeals may be obtained**

VI.5) **Date of dispatch of this notice:**

5.11.2015
