

## Hovedstadens Letbane

The Greater Copenhagen Light Rail is 29 new stations, over a distance of 28 kilometres between Lyngby and Ishøj.

It will bind the S-train network together and facilitate traffic across the entire Greater Copenhagen area.

The Light Rail will run every 5 minutes during daytime hours and every 10 minutes in the evenings and at weekends.

The Light Rail runs on electricity and makes little noise.

There is room for around 260 passengers in a Light Rail train. This is equivalent to the passengers in around 4 city buses, or around 208 cars with 1.2 people in each.
